The Hong Kong and Shanghai Banking Corporation, at the instance of the Government, advanced to the Viceroy 75,000£. as a loan, to be repaid by instalments within 10 years, and to bear a charge of 4½ per cent. per annum for interest and sinking fund. The loan was secured by mortgage on the revenues of the provinces under the Viceroy's control.

His Majesty's Government now propose to repay to the bank the amount of the advance, receiving an assignment of the security given by the Viceroy. The bank will collect the payments on account of the loan as agents for the Government. The half-year's interest due on the 25th February 1901 has been paid by the Viceroy.
